

## View Electronic Hearings

As with in-person proceedings, electronic proceedings are open to the public and media. You will attend the proceeding in the "gallery" as you would in person, where you can watch and listen to the proceeding but you will not be seen or heard. A broadcast screen will display either the name of the appeal that is currently being heard or indicate that the court is on an adjournment.

### 1. ACCESS THE LINK

To attend an electronic proceeding, access the “**View Hearing**” link for that proceeding here: <https://www.albertacourts.ca/ca/registry/lists>. This will take you to the Webex Events log-in page in a browser.

### 2. LOG-IN INFORMATION

Enter your first and last name and email address. The password field should automatically populate. If not, or if you receive an error message saying the password is incorrect, enter the following: **abca**.

Complete the first name, last name and email address. Take care here. This is how your name will appear on the screen during the proceeding.

### 3. JOIN

Review the undertaking not to record or rebroadcast and then click ‘Join Now’. You will then be connected to the virtual courtroom.

### FOR BEST PRACTICE TIPS

See the tip sheet at
