

COURT OF QUEEN'S BENCH OF ALBERTA

NOTICE TO THE PROFESSION

CALGARY MASTERS LIST

In order to allow sufficient time for applications to be heard and to even out the daily lists, a pilot project will start September 1, 2011, to restrict the number of matters to be heard each morning in Calgary Masters Motions court. The filing clerk will begin monitoring the number of applications returnable on upcoming dates. A notice board will be installed in the filing office to notify all persons filing applications when a maximum of 65 matters have been filed for hearing on a given date. No further applications will be accepted for that date. Adjournments from other hearing days will also be entered. The goal is to have no more than 80 matters in Masters Motions Court each day.

As in the past, matters can still be adjourned in court and, with consent of all participants, by phone or by fax.

A handwritten signature in blue ink, appearing to read 'Neil C. Wittmann', written over a horizontal line.
